	Product Use					

Biosafety Level 1 is suitable for work involving well-characterized agents not known to consistently cause disease in immunocompetent adult humans, and present minimal potential hazard to laboratory personnel and the environment. Special containment equipment or facility design is not required, but may be used as determined by appropriate risk assessment. The following standard practices apply to BSL-1 (Biosafety in Microbiological and Biomedical Laboratories, 5th Edition, HHS Publication No. (CDC) 21-1112, Revised December 2009).

- Access to the laboratory is controlled and enforced.
- Laboratory personnel are trained on the hazards associated with handling the material and on standard cell/microbiological practices prior to beginning work and at least annually thereafter.
- Laboratory personnel are supervised by a scientist with training in microbiology or a related science.
- Personal protective equipment is provided and use is enforced.
- Decontamination procedures are in place and enforced for work surfaces, spills and biohazardous waste.

I acknowledge that these policies apply to this facility and are enforced by our institutional policies and procedures.

Additional Required Information*

Material Transfer Agreement (MTA)*

The MTA must be completed and signed by a duly authorized individual of your organization. The MTA can be found on our website at www.atcc.org.

Organization Profile*

On company letterhead, include a brief description of your organization, such as the mission statement or 'About Us' page from your organization's website, along with your completed application.

Curriculum Vitae*

A Curriculum Vita may be required.

Orders are subject to the ATCC's approval and Material Transfer Agreement (MTA). See ATCC Website for more information at www.atcc.org.

** Bio-REV Pte Ltd is the EXCLUSIVE DISTRIBUTOR for ATCC in Singapore**

All ATCC orders made through Bio-REV are subjected to ONE-time freight and local clearance charges and any unannounced charges arising from Special Handling and/or Permit Fee (to be advised by ATCC after our order entry and/or Local MOH/AVA permit fee, etc). Customer is deemed to accept and will bear all such additional charges prior to raising an ATCC order through Bio-REV or after the PO has been issued.

All ATCC orders must reach Bio-REV on every **TUESDAY BY 12 PM NOON TIME**, unless otherwise advised, due to holidays or office shut down. Normal delivery time is 2 - 3 weeks from date of Bio-REV's order to ATCC subject to stocks availability and local custom clearance. However, delivery time might be longer (4 - 6+ weeks) if permit(s) is/are involved and/or out of stock situations. ATCC/Bio-REV will advise customer accordingly, whenever possible.

See our Website www.Bio-REV.com for more information prior in placing an order with us.

All orders are on C.O.D. terms. For payment on credit terms, kindly apply separately using the form, **Application for Credit** together with supporting documents for credit term approval. Form can be either downloaded on our Website at www.Bio-REV.com or send your enquiry to sales@bio-rev.com.

Bio-REV accepts:
